me: I mean
BushwickBK.com: that if the FBI is looking for people that did more than just fired loic
BushwickBK.com: it's yello-tinged, I admit
me: well, several of those arrested are being charged with just that
BushwickBK.com: so the wired story isn't quite true?
BushwickBK.com: it's a Pulsen piece so who the fuck knows
BushwickBK.com: Poulsen

me: yeah, I sent his mom to National Lawyer's Guild et al
me: speaking of which
BushwickBK.com: I'e fire dthat fuckn thing
me: NLG is all upset that I've also provided some of them with contact info for this other big team of lawyers being organized in Cali
BushwickBK.com: why
me: I don't know, they just seem to want control over it all
me: which I'd be happy to give them if it was mine to give, I'm just making all of the options available to those who come to me
BushwickBK.com: they want the credit for helping
BushwickBK.com: very petty
BushwickBK.com: typical liberal do-gooders who want everyone to know it
BushwickBK.com: what's the point of helping if you aren't famous for it?
BushwickBK.com: whatever
me: they're kind of douchy
me: this CCR guy, Michael Ratner, who called me, kept saying they want to make sure people get the right lawyers
me: but they have no idea who's been organized in Calif
me: which is set to include the guy who got that Black Panther chick off
me: and other wacky late 60s liberal whatnots
BushwickBK.com: hah

BushwickBK.com: yo what's a good replacement for paypal
BushwickBK.com: I haven't kept any money with them since the wikileaks thing
BushwickBK.com: but I do still have the account to buy shit easily
BushwickBK.com: it just draws from my bank
me: there's been a bunch of options posted around but I can't remember
me: just google paypal alternatives, I guess
BushwickBK.com: ok
me: or tweet at one of these Anons
BushwickBK.com: yeah
